When Image Counts

Each session is a relaxed and comfortable photographic experience tailored to your professional or personal needs and goals. Special care is taken with lighting, camera angles and background to bring out the very best in you.

“ I loved the photos you took of me. They were life changing. They gave me confidence I didn't have before.” Diana G.

Session fees include design consultation with the photographer, creation of the original images in digital format, helping you with final image selection, basic image retouching, and quick turn-around time.

“People have said they checked out my website just because they like my photo so much.” Cindy C.

Photo Session...

Includes multiple changes of clothing, posing, and backgrounds for many photo options.

Personal, business or a combined session of both.

Up to 3 high quality images of your choice, suitable for printed materials and internet use.

Business sessions incur a one time \$75 charge

Basic retouching of facial lines, stray hair, contrast and color included. Further enhancements priced separately.

“Thank you so much. I got the photos today and they look fabulous. I loved working with you.” Suzi P.

“From our session, I got the feeling you did everything the best way. Thank you so much for your work and for the fun I had during the session.” Milla K.
